THREE BOYS SENT TO REFORM SCHOOL

Other Proceedings of the Lawrence Circuit Court Now in Session.

The criminal docket ended Tuesday with the trial of Gordon Marcum on a charge of false swearing. The jury found him not guilty. The civil docket now has the attention of the court and will do so for at least the remainder of the week, possibly longer. When the NEWS went to press last week the case of the commonwealth vs. Tobo Wiley, of Johnson county, charged with obtaining money by misstatements in the sale of insurance stock, was being tried. The jury failed to agree and the case was set for another trial on the third day of the next term.

In the David Carier case, which was tried last week, M. S. Burns assisted in the prosecution and O'Neal, Cain and Thompson conducted the defense.

The regular jury panel took a recess from Friday noon to the following Monday.

A motion in the Wiley case for peremptory instruction to the jury for a verdict for the defendant was overruled.

Elmer Crabtree plead guilty to the charge of breaking into and carrying away goods belonging to the Louisa Furniture Co., and Kendall Arnett and Cecil Atkins were found guilty of receiving the same goods. Each of these boys were sentenced to serve a term of three years in the Kentucky Reform School near Lexington.

The grand jury made its final report on Saturday morning and was discharged for the term. The report is noticed more fully elsewhere in this issue of the NEWS.

The case against Josephine Howard, of Magoffin-co., charged with larceny, was continued.

The case of Dr. Motley, charged with the murder of El David Dennis, in Logan-co., was called for trial on Monday, when the commonwealth answered ready. The defense announced not ready because of the absence of one of the counsel, Judge W. A. Young, and asked for a continuance which was granted and the case was set for trial at the next term. The witnesses on both sides number thirty or more.

WRECK ON MAIN LINE.

The lower span of the C. and O. bridge over the Little Sandy river just below Greenup gave away Sunday afternoon and as a result the C. and O. traffic is badly disarranged. Fortunately no lives were lost. The financial loss, however, is very heavy, as not only did the bridge span give way, but eight cars of eastbound freight fell into the river.

The damage was caused by seven cars being derailed on the bridge, which caused one end of the west span of the bridge to tear loose from the abutment.

Nos. 6 and 4 were sent Sunday over the L. and N. via Winchester. The passengers on 7 and 8 were transferred at the scene of the accident. Nos. 5 and 1 were sent over the N. and W. via Kenova.

MRS. HACKWORTH DIES.

Mrs. Phebe Hackworth, wife of W. W. Hackworth, died Sunday of pneumonia at her home in Ashland after an illness of one week. She was 77 years old and is survived by her husband and four children. One son, James, married Miss Floride Eaves, of this city. Mrs. Hackworth was known by many of our citizens, having been a frequent visitor at the home of Mr. and Mrs. John B. Spencer. She had numerous relatives in the Georges creek section of the county. She was a noble character, and her death is greatly deplored.

MASONIC FUNERAL NOTICE.

The officers and members of Apperson Lodge are requested to meet with Vinson Lodge, Ft. Gay, at 8:30 p. m. Friday to attend the funeral of James Allen Frazier.

Born, Mouday, to Carl Walters and wife, of Louisa, a daughter. The young mother was Miss Shelda Lee.

DEATH OF MRS. JOHN BERRY OCCURS AT HUNTINGTON.

Mrs. John Berry, formerly of this city but for many years a resident of Huntington, W. Va., died in that place on Friday last after a short illness of pneumonia. Interment, attended by a large number of relatives and friends, was made in the Huntington cemetery on the Sunday which followed her death.

Mrs. Berry was born in this county 84 years ago and was a sister of M. V. Graham, deceased, and Larkin Graham, of the Big Blaine country. She is survived by her husband and two children, a son and a daughter, both of whom are married and live in Huntington. The son is Wentworth—more familiarly "Wint" Berry, and the daughter is Mrs. Hiram Bloss. For many years the family lived here in a house which stood on the site of the R. L. Vinson residence. Mrs. Berry was a quiet good woman, a faithful wife and devoted mother. Her numerous friends and relatives will learn with regret of her death.

AT THE CHRISTIAN CHURCH.

On next Sunday night, January 18, the Rev. L. M. Copley will preach in the Christian church in Louisa. The subject of the sermon will be: "WHAT IS MAN?" Answers from various viewpoints will be reviewed, and a philosophical view of man's possibilities will be presented. You are cordially invited to hear this discussion.

JUDGE M. M. REDWINE ISSUES A CARD

A Few Words to the People of the 32nd Judicial District of Kentucky.

Having recently been called from the private walks of life to fill out the unexpired term of Judge Hannan, who has been elevated to the highest court in our commonwealth, I am at the work of holding your courts for a short time. Yielding to what seems to be a decided majority favoring my election for one regular term, and having a natural desire to be once elected Circuit Judge of my native district and conscientiously believing that I can fill that important office to the better of the law, and that if I am ever elected Judge I must be now, I have decided to be a candidate for the Democratic nomination at the regular primary to be held in August 1915. I do not believe I should or will have any serious opposition, yet, if I do, I hope to have all democrats who believe that with my experience of over 30 years as a lawyer I can and will fill the place with credit to myself and to the good of all the people, to give me their support which I will ever appreciate and gratefully remember.

I pledge to you my word and sacred honor that I will rigidly enforce the law and crush out the evils, which do so much to disturb the good order and peace of all communities.

Very sincerely yours,
M. M. REDWINE.

SEVENTY-FIVE YEARS OF NATURAL GAS.

"How long will Lexington have natural gas?" repeated George W. Church, the expert from Pittsburgh. "I should say at least fifty years. Some of our people think the fields we are now working are good for seventy-five years. You see, in the early stages of the development, you Lexington people were supplied from shallow wells in Eastern Kentucky. Now you are tapping West Virginia wells as deep as 3,200 feet. Why, we are now sinking a well in Pennsylvania that will probably go 8,200 feet." Mr. Church has been at the Phoenix for some time.—Lexington Leader.

Mrs. A. J. Thompson Ill.

Mrs. A. L. Burton, of this city, was called Friday to the bedside of her mother, Mrs. A. J. Thompson, who had suffered a stroke of paralysis and who is now in a serious condition from its effects. The paralysis affects her left side and also impairs her speech.

C. & O. R. R. WANTS NORTHERN OHIO OUTLET

Report That This Great System is Arranging to Build More Line.

For a number of years it has been known here that the Chesapeake and Ohio railway company wanted an outlet for its northwestern traffic up through Ohio. It has been reported, at various times, that the road wanted the bed of the old canal for an independent line to Columbus.

In order to get this outlet the C. & O. would be compelled to bridge the Ohio and various locations for the bridge have been suggested. Ironston, Ashland, Huntington and Portsmouth have all wanted it. It is now definitely stated that the road has picked on a bridge site at Scotoville, just east of Portsmouth. The new bridge, it is said, will be started within a year.

The C. & O., so it is said, has two projects under consideration. One is to build a line from Scotoville to connect with the C. H. & D. at Jackson or Wellston. The other is to run its road up the Scioto valley to this city, where it will either connect with the C. H. & D. or the line may be extended direct to Columbus for a northwestern outlet.

In connection with the statement from Columbus, recently published in this paper, that two stretches of the old Ohio and Erie canal are to be sold, it would seem as if the Scioto valley route might be the one especially as it is a well known fact that the C. & O. has had its eye on the valley route for the past 10 or 15 years.

The two pieces of the canal to be sold were reported to be a stretch from the southern corporation line of this city to Higby's and a second stretch at Wharton, a few miles north of Portsmouth. The papers in the case are understood to be now in the Attorney General's office.

The coming of the C. & O. by either route, will mean another trunkline for this city. This would put Chillicothe on the line of three great systems, the C. & O., the N. & W. and the B. & O. The C. H. & D., of course, controlled by the latter. The coming of the C. and O. would certainly mean an increase of business and prosperity for Chillicothe.

JUDGE HOGGS.

Former County Judge Hoggs has gone to his farm on Cherokee, leaving many friends in Louisa who regret his departure. He is a good man and citizen, and leaves the cares of office without reproach.

A BIG DAY FOR LOUISA ODD FELLOWS

District Grand Lodge Holds Session and Confers Degrees.

Monday evening, January 12, was a high time in the Israel of Odd-fellowship in this part of the State. The occasion was the coming of Mr. R. G. Elliott, of Lexington, Grand Secretary of the Grand Lodge of the Independent Order of Odd Fellows of Kentucky. Mr. Elliott came to this city on Monday, and that night by virtue of his position as an officer of the Grand Lodge he opened a District Grand Lodge in the hall of Louisa Lodge, in the presence of a large number of resident and visiting brethren of the Three Links. After the lodge had been opened in ample form the three initiatory degrees were conferred upon Dr. C. B. Walter, Leonard Compton and Andy D. Seo, the work being done in excellent style. While the District Grand Lodge was still open the degree of Past Grand was conferred on Dock Jordan, and William Morris, of Louisa, and four other brethren. Many visitors were present from Russell, Ashland, Catlettsburg, Buchanan, Fallsburg, Torchlight, Peach Orchard, Richardson and Palatka, etc. The interesting meeting closed about 11 o'clock. On Tuesday morning Grand Secretary Elliott left for Paducah, where he held another District Grand Lodge.

JAMES MAY ANNOUNCE MARSHAL THIS WEEK.

Washington, Jan. 12.—Senator Oliver M. James is expected to make known his choice for the United States Marshalship in the Eastern Kentucky district this week. In fact, it is believed here that Senator James already has made up his mind, and that he could name a Marshal immediately were he requested to do so. Gossip continues to deal with the name of Col. "Boh" Ford, of Middlesboro, who was deputed the collectorship at Danville after making formal application for it.

LATER:—Ford has been named for Marshal. He will move to Covington to give his children the benefit of Cincinnati schools. The race finally narrowed down to John O'Kelly, of Ashland, and Mr. Ford.

WILL KEEP HOUSE

Mr. and Mrs. Brad Chaffin will go to housekeeping in the residence recently occupied by Mont Hoyt. Mr. Hoyt and family have moved just across the street into the property vacated by Mr. E. C. Clark, of the C. and O.

EPISCOPAL SERVICES.

On Tuesday evening next, Jan. 20, the Rev. J. Howard Gibbons will hold the regular monthly service of the Mission of The Saviour at the M. E. Church, this city. You are cordially invited to attend.

A METEOR PASSES OVER THIS CITY

The Event Occurred Early Monday Night and Was Seen by Many.

On Monday evening last Mr. Albert Murray, of this city, reported to the NEWS that about dark that day he saw a brilliant meteor pass over this place, going in a straight line from east to west and disappearing below the western horizon. As it neared the hills the light from the meteor zigzagged considerably, or as Mr. Murray expressed it, assumed the shape of a worm fence. Several boys who were playing football near the stock pens also saw the unusual visitor and heard the noise made by it in its flight.

Huntington papers, some of them, are nothing if not sensational. The meteor was seen by boys playing near a "haunted" house in the east end of the city. The youngsters were naturally somewhat frightened by the rather uncommon occurrence and told of it to some "oldest inhabitants," who "recollected" about a murdered man, buried treasure, love by graves and various other spooky things. This was enough for a starter, and on the following morning a weird story appeared in the press, based upon the meteoric display of the previous evening.

It may be of interest to recall that in March, 1875, an aerolite passed over Fayette-co. in a westerly direction. It emitted no light, but its rush through the air was heard by many persons, as also its explosion a few seconds later.

Another aerolite fell in November, 1912, the rush and bursting being heard by hundreds. Sometimes after an observant squirrel hunter in Mendocino, located a fragment, weighing several hundred pounds. The broken branches and saplings indicated the line of its direction to the earth. A suit between the finder and landholder followed, but after its adjustment, the stone was purchased at a snug figure for the Smithsonian Institute.

P. S., likewise N. B. In its occasional flight Monday evening the blazing stone passed adroitly over the ghostly spot, where, 48 years ago, come next June, three men were hung without the intervention of judge or jury. If the boys who saw our meteor had known this gruesome fact, what hair-raising, blood-curdling stories they might have told!

NEW CURRENCY LAW RESTORES CONFIDENCE

Enthusiastic Reception Given to this Important Law by Business Men.

Since the passage of the banking and currency law much opposition has been dissolved and transformed into approval of its provisions, and where denunciation was heard three months ago its revised form has brought forth encomiums.

The fiercest opposition and the most persistent was that engendered by the Federal control provision, and those who approved and those who opposed that provision equally recognize the great change which that will bring to the financial system of the United States.

The uniformity of discount rates, as well as the certainty of rediscounts in times of need, as guaranteed by the new system, places the smaller banks upon an even footing with the largest and most powerful ones, gives them the same opportunities, affords them the same relief, entitles them to the fairest and fullest consideration.

There are some features of the passing away system that it is useless to discuss or to criticize, but all classes of bankers are fully aware of the advantages that the great banks of the money centers held under that system as compared with the bankers of the districts outside of those centers.

With Federal control will come public confidence, public knowledge of official financial action, public support in all that is fair, right and proper; and where amendments are required the public demand will cause them to be made.

The half century which has elapsed since the national banking system was established has demonstrated to the people of the United States the advantage of a nation-wide uniform financial system combines in a very marked degree the experience of the past 50 years as gathered from financial practice, and the growing public sentiment for governmental control of facilities and utilities largely affecting the interests of the masses of the people.

At the same time that the financiers of this country open their eyes to the benefits of the new legislation and unloose their tongues to sound its praises and extol its advantages, those of London, Paris and Berlin hail it with great satisfaction, hoping that the financial ease it will produce in the United States will enable American bankers to permit the strained and pressed European bankers to retain still longer the credits to the United States upon their books.

The fear of our country's demand for the huge export balances of the United States is hanging over financial Europe now like the sword of Damocles, and it hopes our new law will give it a respite sufficient in time to enable it to get two or three hundred millions of dollars worth of new gold dug out of the mines, so as to bolster up their weak inadequate and insufficient international money system.

The United States to-day, in conditions financial, industrial and commercial, is far better off than any other nation of the world.—Cincinnati Enquirer.

WOULD HAVE BABY SENT BY PARCEL POST.

Cincinnati, Jan. 7.—A childless couple, who live on Little Sandy creek, in Elliott-co., Ky., once the scene of a great feud trial, want to adopt a baby from the Children's Home, Cincinnati. Furthermore, they want it sent to them by parcel post. Visitor R. A. Longman, of the institution, to-day received this most unusual request by mail. The names of the couple are kept secret. Their stipulation is that the baby must have black hair and eyes and "fair complexion."

HON. MORG. THOMAS DEAD.

George Morgan Thomas, 85 years old, well-known lawyer and prominent in Kentucky politics, died at Vanceburg. He was the father-in-law of former Congressman S. J. Pugh. If the NEWS is correct in its history Mr. Thomas once visited Louisa as a candidate for Congress on the Republican ticket. He was of the old "Radical" type of politicians, and the triangular fight between him and John D. Young, Democrat, and Thomas M. Green, Independent, was a very bitter one. The three candidates indulged in rather warm personalities which finally grew so pointed that mutual friends prevailed upon them to let up on that line of "argument." It was a very common thing those days for Congress to refuse to allow a Democrat to be seated, if his opponent filed a notice of contest, and this fact caused Mr. Green to ask his audience, when the rival candidates spoke in the old court house in Louisa if it would not be better to elect him than to elect Young, who would not be permitted to take his seat, or to be misrepresented by Morgan Thomas. In that same debate then was also much talk about "cracking the whip" over somebody's shoulders, also a shaking of fists in each other faces, but no blows were struck and the candidates amicably ate supper together. Peace to their ashes.

ADVISES REPUBLICANS NOT TO TRY FOR JOBS

Langley Tells Constituents That Democrats Will Get Postmasterships.

Washington, Jan. 13.—Representative John W. Langley has advised all of his Republican constituents who are now postmasters in fourth-class offices in Kentucky or who wish to secure such preferment, not to waste their time taking competitive examinations.

The Congressman points out that, while Republicans may pass competitive examinations, a Democrat will always pass them, too, and as long as a Democrat has a certificate of passage he will be selected under this administration.

Mr. Langley compressed all these views in a letter to a Republican postmaster in his district who wanted to serve this administration in the same capacity. He admits he would do the same things the Democrats are doing if he had the chance.

"If I were you," he writes good-humoredly, "I would not waste a minute on the examination, but continue to perform the duties of your office and be prepared to yield gracefully to your Democratic successor when he is ready to qualify. I take it that the process of decapitation will be as expeditious as the machinery propelled by hungry Democrats, can make it."

Free Presents to Mothers From the Druggists of Lawrence, Johnson, Martin, Floyd and Pike Counties

**They Will Give Away Free to Mothers With Small Children
Full Size 25-Cent Package of the New "External" Vapor
Treatment That Relieves Croup in Fifteen Minutes—
Colds Overnight.**

No one knows better than the skilled druggist the dangerous character of most cough and cold preparations. To produce results these remedies must contain some form of narcotic or some one of the coal-tar products. These drugs are injurious to the stomach, especially to the delicate stomachs of little children.

Druggists have long sought for some direct method of reaching cold troubles—for some form of vapor treatment that could be inhaled direct to the lungs and air passages.

In a little North Carolina town a druggist discovered how to combine Thymol, Eucalyptol, Menthol, Camphor, Oil of Pine, etc., in the form of a salve so that when applied to the chest and throat the heat of the body would release these volatile products in the form of vapors.

These vapors are inhaled all night long, at the same time the preparation is absorbed through the skin taking out the soreness and tightness. The effect for all cold troubles is remarkable, no matter whether head colds or deep chest colds. For croup positive relief is assured in fifteen minutes. For all forms of bronchial troubles, sore throat, difficult breathing, etc., this new treatment will be found unusually effective.

And better still is the fact that this "external" treatment can be used with perfect safety on the smallest child as often and as freely as you wish. Nothing to swallow, nothing injurious, the full ingredients are on every wrapper.

Realizing the value of a treatment of this kind, especially to mothers with small children, a number of the leading druggists of Lawrence, Johnson, Martin, Floyd and Pike counties are arranging to give away full size 25-cent packages free to their regular customers. None of the druggists have received their shipments as yet but as the free supply is limited and there will be a rush for these free packages the best thing is to present your coupon at once and have your package reserved.

COUPON No. 3.

Good at your regular druggist for one 25-cent package of Vicks Croup and Pneumonia Salve free, as long as the free supply lasts. Present this coupon now and your druggist will reserve your package.

HEAD STUFFED? GOT A COLD? TRY PAPER'S

"Paper's Cold Compound" relieves worst cold or the gripe in few hours—No quinine used.

Take "Paper's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Paper's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Ulysses.

One day last week aunt Maragret O'Bryan, as she was usually called, died at the home of her son Andrew O'Bryan on Brushy and was brought back here to her former home and buried beside her husband, Wm. O'Bryan, who died several years ago.

Grandma Bryan was probably the oldest person in this entire community. I am informed that she was about 94 years old at the time of her death. She has for a great many years been a consistent member of the United Baptist church. Her maiden name was Johnson.

Last Friday Marion Bevis, a minor who was working in the Pond creek coal mines was killed by the collision of two motor cars. The unfortunate young man who was a son of Merida Bevis was brought here Sunday and buried by the Red Men of which order he was a member. He is survived by his parents, brothers and sisters and a young widow to whom he was married but a few months ago.

Miss Laura Lemaster, of South Charleston, O., who has been visiting here for several days, has returned home, accompanied by her cousins Lyss and Gouon Chaffin, of Lowmansville, Ky.

Advice.

Don't talk so much. Start in today. This rule is good. Obey it. When you ain't got a thing to say, For Heaven's sake don't say it.

ALFALFA IN KENTUCKY.

Scattered about in many sections of Kentucky one finds farmers who have some alfalfa growing upon their farms. From a productive standpoint many of these fields of alfalfa are very poor. They represent simply the possibilities of alfalfa, in the particular section, when the conditions necessary for the production of the crop are fully met. Here and there in the State, however, are found men who, with a thorough knowledge of the requirements of alfalfa, are eminently successful in growing the crop.

A farmer can consider himself successful with alfalfa when he is able to harvest three or four cuttings a year, aggregating a yield of from three to five tons per acre, and when the field has begun kept comparatively free from weeds and has been productive for several years.

Every live farmer knows the superior feeding value of alfalfa for nearly all kinds of live stock. The question is, can he grow it?

The climate of Kentucky is congenial to alfalfa, and in many sections the soil is sufficiently fertile to grow the crop successfully. The lack of proper preparation of the seed bed is often the cause of failure. Soils which will grow forty to fifty bushels of corn per acre are rich enough to grow alfalfa, while some soils not quite so productive can be prepared for alfalfa by growing a crop of cowpeas to turn under. In sections low in phosphorus content finely ground phosphate rock should be added.

The Kentucky Experiment Station is so interested in the value of alfalfa to the farmer that the Extension Department is making a special effort to become acquainted with all successful growers, and in addition is offering its services in directing the work of clubs of farmers whose members wish to grow a few acres of alfalfa under instructions. The Extension Department has now a good number of farmers in the State who are in this way learning to grow alfalfa, but is able to offer its services to a few more groups of farmers for the coming year.

Any farmer who has become interested in the growing of alfalfa in his community is invited to correspond early with the Extension Department, concerning the formation of an alfalfa club, and its subsequent direction by this Department.

YATESVILLE.

Mrs. Sparks, mother of Cobo Sparks and several other children, is very low at the home of Landou Carter at this writing. Mrs. Sparks is 80 years old and serious fears are entertained by her many friends as to her recovery.

Rev. Hicks, our preacher, was here and filed his appointment Sunday evening.

The oil business is still on the boom and operations are being pushed as rapidly as possible. Four new wells are now being drilled in our neighborhood, one or two of which will be completed within the next ten days. Another well is just begun by the Ohio Fuel Co., on the land of the Mrs. Hannah Lackey.

Quite a lot of coal is being hauled from all of our different local mines to all the different oil wells that are being drilled.

The widow Louisa Hall has moved to Two Mile creek. Lewis Thompson went to Little Braine and is at the bedside of his sick mother.

Quite a number of our neighbors have gone to Beaver creek to work. COUNTRY GREENHORN.

CORN CHAMPIONSHIP AND HOW HE WON IT.

W. M. Hutson, of Bardwell, Carlisle county, who on December 1st received the prize of \$100 in gold as the world's champion corn grower, spent Farmers' week in Lexington and has attracted much attention from the persons attending the agricultural and livestock fair being held at the Experiment Station and College of Agriculture of State University. Mr. Hutson won the championship by raising 231 bushels and 31 pounds of corn on an acre of ground in competition with the farmers of the entire United States.

An interesting fact in connection with the raising of this enormous yield is that its grower used no fertilizer on the fertile acre.

In speaking of the method by which he produced the remarkable growth Mr. Hutson said:

"The ground on which the corn was grown lies east and west and has a slope of about five feet from west to east and is part of a valley formed between two hills. It is alluvial soil and is very rich. I plowed the ground eight inches deep

and followed with subsoiler five inches deep, thus stirring the ground to a depth of thirteen inches. The ground was then barrowed twice and followed with pulverizer, going twice over. I then used a plank drag to level the ground and followed with a roller to firm it. I drilled the corn, which was a Yellow Dent variety, on May 14, dropping a kernel of corn about every six and a half inches in the rows. I laid the rows off by hand about three feet wide and had twenty-six rows in all upon my plot. During the early growing season I thinned the plants to a stand of eight to thirteen inches, an average of about ten inches, and at the end of the season had about 13,000 plants upon my acre.

"I harrowed the ground before the corn was up, and in eight days after planting I began harrowing with a light one-horse harrow, going through the corn twice a week for two weeks. I then used a double-shovel plow with small shovels, going through it twice a week for two weeks. I then hoed the corn, after which I went through it three times with a light harrow and block when the corn was laid by."

It cost Mr. Hutson just 5.3 cents a bushel to produce his remarkable corn crop.

TAKE OFF DANDRUFF
HAIR STOPS FALLING.

Girls! Try this! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really now hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

WARFIELD, KY.

Quite a reception was given the young married couple, Mr. and Mrs. H. B. Laws, on Friday last by the bridegroom's brother's family. They were married on January 2 at Louisa, Rev. Hewlett officiating. The bride was Miss Nora Brown, of Henrietta, Ky. Immediately after the ceremony they prepared to leave for Portsmouth, O., where they spent their honeymoon.

A very quiet wedding took place Monday, the contracting parties being Elmer Wiles and Miss Thelma Bowen, of Crum. The bridegroom was one of our citizens. The wedding supper would be better designated a feast for it was a feast fit for Klugs. Everyone enjoyed the supper. We would be pleased if somebody would get married every day if they would always celebrate it with a feast like the one we enjoyed last evening. Rev. Jas. Booth was the officiating minister.

Chas. C. Spencer was a business visitor in Fort Gay and Louisa Saturday and Sunday.

Shade Booth took a business visit to Williamson recently.

A committee of naval officers soon will visit Ashland, Paducah and Evansville to inspect sites for the proposed Government armor plate factory.

It is stated that an early flight is to begin at Frankfort to repeal the act conferring on women the right to vote upon questions pertaining to schools.

The Portsmouth Blade calls on James Bonson Foraker to "steer the national ship into safe and pleasant waters." Wants his as a sort of naval Moses, as it were.

There is only one Smith, one Jones and one Brown in the general assembly this year, while there are two Wilsons, two Whites, two Scotts two Halls, two Harveys, two Rogers and three Duffys.

Japan is afflicted with a double disaster. In the north 10,000,000 people are suffering from famine. In the south volcanic eruptions have done great damage and the fate of the inhabitants of Sakura Island, where the volcano Kakura Jima is active, is in doubt.

The Court of Appeals has decided that the two amendments to the constitution of Kentucky, voted last November, are invalid. The reason for setting them aside is that the Secretary of State advertised them only sixty days, while the constitution requires 90 days. The amendments paved the way to working convicts on public roads and revising the tax laws.

Last Tuesday, the 13th, was Governor McCreary's last night in the old mansion, sleeping in the bed which he has used during two administrations. The Gov. said: "I cannot turn my back on the old house and the old furniture and their associations without a touch of regret. I spent happy days there with my wife and my son, and when I came back to occupy the mansion I found much to remind me of those old days, though I was alone." The Governor will hold his first reception in the new mansion next Tuesday night.

Gen. Simon Bolivar Buckner, last surviving Lieutenant General of the Confederate army, died Thursday night at his home, Glen Lily, in Hart county. He was born in 1823 on the farm where he died, and during his long and distinguished career he was an American soldier in Mexico, an officer in the Confederate army, Governor of his native State and the nominee of the National Democratic party for Vice President of the United States. He was buried at Frankfort Saturday afternoon within a few feet of the Mexican War monument, simply marking the services, which were attended by hundreds of former friends from Louisville and Munfordville as well as the State capital.

General Buckner is survived by his widow and one son, Lieut. Simon B. Buckner, U. S. A.

Mr. John F. Hager, of Ashland, was one of many honorary pallbearers at the funeral.

A bill drafted by Representative Oliver would do away with the operation of the indeterminate sentence law in Kentucky on the ground that under that law justice is not always meted out according to the deserts of persons undergoing penal servitude.

"Say, for instance, that two men, on the same day, are sentenced to serve from two to twenty-one years for some offense," Mr. Oliver said. "Let us suppose that one of these men has influential and wealthy friends back of him, and that the other has not. The result, in a great many cases, would be that at the expiration of the minimum term of the more favored man his wealthy friends would place in the hands of an attorney \$1,000 or more, with instructions for him to secure the release of the prisoner. The attorney, of course, would get busy and if the prisoner's record had been good the chances are that he would be paroled. The other man, however, although his record might be as good

as that of his fellow-prisoner, would remain in confinement, the chances are, merely because he happened not to have influential friends of wealth to interest themselves in his behalf."

GOV. MCCREARY'S MEETING WITH MR. TILDEN.

Frankfort, Ky., Jan. 9.—Gov. McCreary was compelled by the press of official business to decline an invitation he much wished to accept to attend the meeting in Carnegie Hall, New York, in commemoration of the centenary of Samuel J. Tilden, Gov. McCreary to-day recounted his meeting with Mr. Tilden during the contest over the succession to the presidency, McCreary then, as now, was Governor of Kentucky.

"I went to see Mr. Tilden," said the Governor. "Many Kentuckians wanted to fight for him. I had been tendered regiments and brigades. I desired to know what Mr. Tilden intended to do, so I could satisfy these men, and I went to his home in company with the National Democratic Chairman. The latter left us together and I said: 'Mr. Tilden, I have seen tendered regiments and brigades to fight for you, and I came to you to find out whether you intend to fight.'"

"He turned to me and said: 'Gov. McCreary, were you old enough to have served in the late Civil War?'"

"I replied in the affirmative, and he then went on: 'Then you are in a position to know more of the horrors of war than I do. Do you like flowers?' I said I did. 'Then come with me to see my garden,' was his response, and we walked out doors together. There I told him I wished to ask him several direct questions, and asked him the first one: 'Have you made up your mind whether, under any circumstances, you would fight?'"

"'I have,' he replied, decidedly. 'I won't precipitate civil war under any circumstances to get the presidency.'"

"That being the case," I responded, "I need not ask any of the other questions I have in mind."

"Mr. Tilden was a small man with a paralyzed arm which shook and he kept it with his thumb hanging in his button hole. I remember him well. I was a great Tilden man, and I wish I could attend the meeting, at which I was invited to speak."

CLAIMS ARREST WAS ILLEGAL.

Staunton, Va., Jan. 11.—Federal Judge McDowell will to-morrow hear application for a writ of habeas corpus, by which Dave Hall and four other alleged "moonshiners" from Pike-co., Ky., recently transferred to the Staunton jail from Catlettsburg, Ky., seek to obtain their release on the ground that they were arrested illegally over the Virginia line by a Kentucky deputy marshal. They also contend that they were brought here without extradition.

EARTH CLUB ESSAYS, RULES FOR WRITING.

Washington, D. C.—The Director of the Office of Public Roads of this Department, Logan Waller Page has announced that the time in which children may submit essays on the repair and maintenance of earth roads, in competition for the gold medal and the two silver medals, has been extended to March 2, 1914.

The conditions for the essay contest are as follows:

1. The Subject of the essay will be the Repair and keeping up of Earth Roads.

2. It is open only to children from ten to fifteen years, inclusive, who are actually living on farms and who are actually attending some school.

3. The essay should be not more than eight hundred words in length, in the handwriting of the child, and should be written on only one side of the paper.

4. In the upper left hand corner of the first page should appear the following statement: Essay on Earth Roads by (name of child; age of child; actual residence of child; school attended by child.)

5. Children wishing to enter this contest, may ask the advice of their parents, teachers, neighbors, highway commissioners, and other people and read books or magazines giving information about the subject. They must not give the information they gain in this way in the exact words of an adult or the author of a book. They must express the ideas in their own language. They will not be expected to use technical terms and any words that make the meaning clear will be acceptable.

6. The essays will be rated by an impartial committee according to the penmanship, English, and spelling. The writer of the best essay will receive a gold medal; the writer of the next best essay, a silver medal; and the writer of the third best essay, a silver medal.

7. All essays should be plainly addressed, in an envelope stamped with a two-cent stamp, to: Committee on Children's Road Essay Contest, Office of Public Roads, U. S. Department of Agriculture, Washington, D. C., and should be mailed so reach that office not later than 9 a. m. on Monday, March 2, 1914.

8. Children who have already submitted essays in that contest which was originally announced to close October 15th, may if they wish submit a second essay.

As a help to children, the suggestions given below are made. Children need not follow these suggestions absolutely. They must not submit essays in the form of direct answers to these questions. They must not quote any of the following material word for word.

POINTS THE WAY.

The Statement of This Fort Gay Resident Will Interest Our Readers.

Our neighboring town, Fort Gay points the way in the words of one of its most respected residents:

Dr. R. Frasher, Fort Gay, W. Va., says: "I consider Doan's Kidney Pills the best remedy on the market for kidney and bladder complaint. I have prescribed this preparation in many cases and my patients have taken it with fine results. I have taken Doan's Kidney Pills with the most satisfactory results and am proud in my praise of them. The residents of this vicinity suffer considerably from kidney and bladder trouble, due to the poor quality of the drinking water. I have found Doan's Kidney Pills to be the one remedy that can be depended upon for relief. It has been my experience that all ailments caused by weak kidneys such as irregular passages of the kidney secretions, gravel, dropsical swellings, lumbago, pains in the back and hips, etc., can be removed by Doan's Kidney Pills. A few doses of this remedy taken immediately when the trouble is noticed will save much misery."

For sale by all dealers. Price 50 cents. Foster-McIlhenn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other.

DID SOME STRANGE THINGS.

Henry Moore, a miner living at Princess, Boyd county did some strange things one day last week.

He burned up more than a hundred dollars in bank notes, drove his wife from home, burned a cat to death in a red hot stove, jumped on the pilot of a moving train, narrowly escaping death. He was arrested and taken to the Ashland city prison from which he released himself with a skeleton key. He must have been a Hercules in strength, as the local paper says he also "rocked" a neighbor's house. Moore has been adjudged insane.

Burnham Roberts, who has been living in Arizona for several years, is visiting relatives in this county.

JAMES ALLEN FRAZIER
PASSES INTO ETERNITY.

Mr. James Allen Frazier, a prominent and highly respected citizen of Ft. Gay and Wayne-co., W. Va., died at his home early Wednesday morning last, after a long illness caused by tuberculosis of the lungs. He was 64 years old and is survived by his widow, three children, and three brothers. The children are Mrs. R. L. Vinson, of Louisa, Mrs. W. E. Morris, of Edinburg, Ind., children by a former marriage, and one child by the second marriage. Mr. Frazier's first wife was a daughter of the late Granville Thompson, of Wayne-co. The surviving brothers are Sam, of Ft. Gay, William, of Logan, W. Va., and Lat. of Catlettsburg. The funeral will be held Friday morning at 10 o'clock and will be conducted by Vinson Lodge F. & A. M., of which the deceased was a faithful member. The Rev. H. B. Hallett will conduct the religious service.

James Allen Frazier was in all reports a worthy man. He bore an untarnished reputation and in all the walks of life conducted himself in such a way that he has transmitted to his children the priceless heritage of a good name. He will be sorely missed by kindred and friends, by the Southern Methodist Church, of which he had long been a member, and by the community in which he lived. He was prepared for the Great Change, and the end was peace.

GOING AFTER PISTOL "TOTTERS."

Representative C. D. Arnett has introduced an act fixing the punishment of carrying concealed deadly weapons at fine of \$50 to \$200 and jail sentence of from ten to forty days. Also provides for disfranchisement for two years on first conviction and penitentiary sentence on second conviction.

This is the best measure yet presented intended to effectually stop one of the most dangerous and deplorable habits of which anyone can be guilty—not only dangerous and despicable but cowardly and entirely useless. The present law, even when rigidly enforced, does not seem to deter a tough from carrying a "gun," and it puts a decent man at the mercy of a balley. Few of the roughnecks who now go loaded with artillery would do it if a penitentiary term faced them, and few yet of the so called better class whose equipment seems incomplete without a revolver would annex it their persons if they knew that by so doing they run a risk of being disfranchised. The NEWS hopes Mr. Arnett's bill will become a law.

Comparatively Few Indictments.

The fact that the grand jury of Lawrence county, after a week of searching work, was able to find but thirty-seven true bills, speaks volumes for the people of this county. One hundred and twenty-nine witnesses were examined. They came from all parts of the county which shows that the jury had the drag net well spread, and in spite of this general inquiry the result was gratifyingly small. It is good to know that for some time the number of indictments has been growing less, showing conclusively that the people, as a whole, are becoming a better people. The fact is, that since the sale of whiskey in this county is no longer lawful crimes and offenses are fewer. A great majority of offenses which were and are committed in the commonwealth are committed when the lawbreaker is under the influence of strong drink. The stuff is harder to get now, hence there is less drunkenness, less crime.

PREACHED WITH BROKEN LEG.

The following from the Huntington Advertiser concerning a former prominent Louisa preacher will be read with interest:

Entering his pulpit with the aid of crutches and standing with his knee on a chair, Rev. Roscoe Murray pastor of the Washington-ave. Baptist church, delivered two sermons Sunday while laboring under difficulties and suffering from injuries which would have kept many men in bed.

Mr. Murray fell Saturday while going from his study to the parsonage and sustained a broken rib and a dislocated ankle.

He was in bed from the time of the accident until Sunday morning, when he gamely went to the church and preached, performing in his usual eloquent and able manner despite the pain he was suffering. This was repeated in the evening.

Mr. Murray is much improved now although still compelled to walk on crutches.

G. W. Shivel has moved from Gallup to Louisa. He recently sold his farm.

Mrs. Dicy Ratcliff, Mrs. Sula Ratcliff and Miss Minerva Ratcliff, of Clifford, visited relatives here this week and left Thursday for Kila.

ESCAPED FROM OFFICER.

On Thursday afternoon Sheriff Stone arrested Milt Caperton, who was out on bond charged with detaining a woman. He had been indicted by the recent grand jury. When taken into court by the sheriff the Judge directed the jailer to take him to jail. When this official had gone as far as the back door of the jail he was struck in the back of his head with a quart bottle of whiskey in the hands of Ed. Caperton and knocked down. Both Caperton's ran, Ed crossing the bridge into West Virginia and Milt crossed by other means. Marshal Nancy fired two shots at Milt as he ran. Jailer Wells went to the hospital where his wounds were dressed.

THE CHURCHES.

On Sunday evening last the Rev. B. M. Keith preached the first of a series of sermons on The Second Coming of Christ. At the Epworth League Judge M. M. Redwine delivered an excellent address. The attendance was very large.

At the M. E. Church District Superintendent Dickerson preached two interesting discourses. At the morning service the Lord's Supper was administered.

The day at the Baptist church was devoted to the Sunday school interests of the church, concluding the labors of the Baptist State Secretary, Mr. Perkins.

Sunday night the Rev. L. M. Conley continued his series of scholarly discourses at the Christian church.

WEST VIRGINIA NEIGHBORS.

MORGANTOWN, W. Va., Jan. 13.—Five thousand three hundred and fifty-two boys in the state of West Virginia during the year 1913 studied instructions, tested seed, prepared land and made at least a start in planting and cultivating corn. It is indeed unfortunate that all these energetic boys could not win large prizes to encourage them in their work. More than 900 won valuable cash or merchandise prizes at the various county shows and every single boy who carried his work through to the finish won the satisfaction which accompanies the completion of task well performed.

MARTINSBURG, Jan. 13.—In the circuit court at Berkeley Springs, Douglas Gibson pleaded guilty to second degree murder for the killing of Patrolman James C. Orr, of Martinsburg, a Baltimore and Ohio railroad policeman, at Hansrote, W.

Va., several months ago, and was sentenced to ten years in the penitentiary. Gibson was shot through the head in a pistol duel with Policeman Orr, and the sight of both eyes were destroyed but he otherwise recovered from his wounds.

WHEELING, Jan. 13.—That the death of James Pryer, aged 73, who died in the city workhouse Wednesday, was due to neglect is the grivo allegation brought by William Glidday, an expresident, released from the institution yesterday after serving 30 days on a plain drunk charge. Glidday also charges that the food and sanitary conditions at the workhouse are terrible.

MORGANTOWN, W. Va., Jan. 13.—The grand jury adjourned without reporting true bills against either the B. & N. or the husbands who have deserted wives. It is understood that Judge Sturges will call the attention of the attorney general of the state to the B. & N. matter. A total of twenty indictments was returned by the grand jury.

CHARLESTON, W. Va., Jan. 12.—On a charge of assaulting Miss Georgia Chante school teacher, Mrs. Eli J. Muson, wife of a member of the West Virginia legislature was given a hearing at Montgomery, Fayette-co. tonight and ordered to pay a fine of \$5 and costs. It was alleged Mrs. Mason had attacked Miss Chante after the teacher had whipped Mrs. Mason's son.

BLUEFIELD, Jan. 13.—A pathetic accident occurred at Vivian in which a little five year old child was the victim. Little Teney Molesky, the son of Alex and Rose Molesky, was run over by a passing freight train and the left leg of the child so badly mangled that amputation was necessary. The little patient is now at the Welch hospital and is in a very serious condition.

WHEELING, Jan. 13.—Over \$11,000 are on deposit in the United States postal savings bank at the local postoffice, with the deposits averaging more than \$15,000 annually and the withdrawals running close to the \$11,000 mark.

This shows the local department to be in a very flourishing condition with present indications that the business for the present year will be far in excess of that of any time since the postal bank has been established.

WHEELING, Jan. 13.—Attorneys are making preparations for a resumption of the inquiry by the state public service commission here on the 20th. The hearing is for the purpose of passing upon the proposed readjustment of gas rates in the upper Pan Handle counties of West Virginia by the Manufacturers' Light and Heat company and its subsidiary companies.

Huntington, Jan. 10.—Huntington has become the center of distribution for a literal flood of counterfeit "Buffalo" nickels. Several days ago the attention of the officials of the treasury department was called to the fact that Huntington was being deluged with counterfeit nickels and they have been quietly working on the matter. The banks have rejected hundreds of the bogus nickels.

Many picture shows in the city are being made the victims in the affair, one show taking in last night almost three dollars worth of the had coins. The two coins are so

nearly similar that only close scrutiny will reveal the fraud. By weighing the coins a difference can be detected. The good one weighs about three grains more than the counterfeit one.

An amusing incident has been brought to light by the investigation. Dr. N. B. Ferguson, who has been collecting the "Buffalo" coins for some time as curiosities, counted his collection this morning and found to his surprise and chagrin that out of \$4.80 worth of nickels the greater part were counterfeit. So wide and so heavily have they been circulated here that the authorities believe that it is some local party who is responsible for their mislaid. They are remaining quiet about the matter, but it is thought that some startling revelations will be made in the near future.

Last Thursday was municipal election day here. There were three tickets in the field and a good bit of friendly rivalry. Politics cut no figure as everybody knows Wayne is at least 75 per cent Democratic. The following officers were elected and will begin their term of office on Feb. 1:

Mayor—J. M. Rigg.
Recorder—Dr. J. R. Keesee.
Council—It. C. Taylor, J. T. Lambert, Walter Peirce, D. W. Frazier and J. H. Skaggs.—Wayne News.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP.

If Costive, Headachy, Bilious, Stomach Sour, Breath Bad—
Clean your Liver and
Bowels.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour undigested, fermenting food and foul ages; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

EAST POINT.

Our school closed Saturday with a ulce entertainment which was well attended and enjoyed by all present. Several prizes were awarded pupils. Miss Margaret Auxier winning first prize for deportment and attendance. We have had a successful school and the teachers, Miss Fannie Johnson and Mr. Walter Vanhooze are held in high esteem in our community. Mr. Vanhooze will begin another term after a week's vacation.

Wow! I'm As Spry As Any Youngster

Nothing Like ROOT JUICE to
Make Old Folks Feel Younger.
—Guaranteed.

"By Hokey, that ROOT JUICE medicine works like a charm. Never saw anything give such wonderful results in all my life." That's the story of everybody who ever tries this body-building, blood-cleansing, vim-restoring system tonic. It does the work and does it quick. You don't have to use a barrel of it and wait six months for results like you do with ordinary medicines. In ten days or less most people begin to shout with joy at the relief they feel. Think of it! Ten days—the first bottle—and relief before it is all gone.

"When That ROOT JUICE Surely Took The Kinks From My Stiff Joints." It's remembered by you. You take no chance when you use ROOT JUICE. It's got to give results or you get back every cent it cost you.

There never was anything like it for the pains and aches and lils of old folks. It cleans out the blood and drives rheumatism poison out of the system so quickly and completely that you'll wonder how it happened, wonder where the pain and ache and soreness have gone. And that's not all. ROOT JUICE will give you an appetite such as you haven't enjoyed for months and you'll digest what you eat, too. It stirs up lazy bowels and lazy livers, tones up the kidneys and puts new fire and life and vim into shattered nerves. It gives the whole body new strength. You'll soon be rid of backaches, too frequent, painful urination and such complaints and you'll sleep like a top. Best of all ROOT JUICE can't hurt anybody. Nothing harmful in it, no bad after effects, no reaction.

Get a guaranteed bottle today at any drug store and start taking it right off. It costs only a dollar and is worth a thousand to anybody who needs it. Don't allow yourself to get sidetracked by some cheap thing else this time—get ROOT JUICE—guaranteed, money-back ROOT JUICE. There is nothing made that is "just as good" and you'll say so as soon as you have tried it.

H. L. Merritt was calling on Miss Ethel Childres Sunday.

B. O. Herald and little son Taylor, of Prestonsburg were guests of his sister Laura Sherman Sunday night.

TWO FRIENDS.

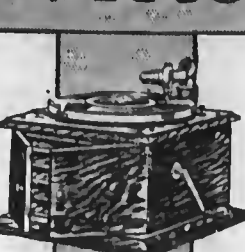

Third-class certificates entitling the holders to teach in the rural schools of this State will be abolished if the amendment to the school law as prepared by Superintendent of Public Instruction Harkadale Hamlett is passed. At present applicants to teach are given first, second or third-class certificates and many persons holding third-class certificates are in charge of large rural schools. In order to raise the standard among teachers it is proposed to abolish the third-class certificate. An amendment to section 4369 of the Kentucky Statutes will abolish one of the examinations for common school diplomas. Under the present law two examinations are held, one in January and the other in May. The amendment provides for one examination, which shall be held in May.

ed phrase! Speak it from the heart and then strive to make everyone's New Year a happy year and yours will be happy, indeed.

The Christian Gentleman.

He is above a mean thing. He cannot stoop to a mean fraud. He invades no secret in the keeping of another. He betrays no secrets confided to his own keeping. He never struts in borrowed plumage. He never takes selfish advantage of our mistakes. He uses no ignominious weapons in controversy. He never stabs in the dark. He is ashamed of innuendoes. He is not one thing to a man's face and another behind his back. If by accident he comes in possession of his neighbor's counsels, he passes upon them an act of instant oblivion. He bears sealed packages without tumpeling with the wax. Papers not meant for his eye, whether they flutter at his window or lie open before him in unguarded exposure, are sacred to him. He invades no privacy of others, however the sentry sleeps. Bolts and bars, locks and keys, hedges and pickets, bonds and securities, notices to trespassers, are none of them for him. He may be trusted alone, out of sight—near the thinnest partition—anywhere. He buys no offices, he sells none, he intrigues for none. He would rather fail of his rights than win them through dishonor. He will eat honest bread. He tramples on no sensitive feeling. He insults no man. If he have rebuke for another, he is straightforward, open, manly. He cannot descend to scurrility. In short, whatever he judges honorable he practices towards every man.

Careless Words.

How frequently, in a thoughtless moment, or in sport, we utter words which sink deep into some heart, inflicting untold anguish, and blotting the pages of its life-book with burning tears. Time may heal the wound, and troubled waves may be hushed into quietness; the fire that scorched the quivering heart strings may be quenched, but bitter aches will ever mark the pathway of those careless words. It may be that a weight of sorrow that bowed the fainting spirit to the earth was rendered heavier to be borne by the added grief of a thoughtless word. Perhaps an unguarded expression has been uttered, and the tongue of malice repeats its with a new coloring, and a meaning never intended, and thus the severest ties of affection have been severed.

Be A Man.

Foolish spending is the father of poverty. Do not be ashamed of hard work. Work for the best salaries or wages you can get, but work for half price rather than be idle. Be your own master, and do not let society or fashion swallow up your individuality—hat, coat and boots. Do not eat up or wear out all you earn. Compel your selfish body to spare something for profits saved. Be stingy to your own appetite, but meretricious to others' necessities. Help others, and ask no help for yourself. See that you are proud. Let your pride be of the right kind. Be too proud to be lazy; too proud to give up without conquering every difficulty; too proud to wear a coat you cannot afford to buy; too proud to be in company that you cannot keep up with expenses, too proud to lie, or steal, or cheat too proud to be stingy.

Do not drift. We are living in an intense age; despite the frivolity and gaiety everywhere in evidence never was there before a time when life was regarded as such an earnest thing; never before was so much required of each individual. Are you doing your part?

AN OLD TIMER.

INDIGESTION ENDED, STOMACH FEELS FINE.

Time "Pape's Diapepsin?" In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stuhhorn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

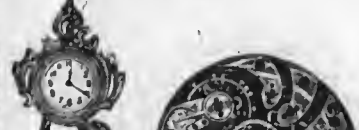

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

PIKE COUNTY NEWS

(James L. Phelps, of Pikeville, is authorized to accept and receipt for subscriptions to the Big Sandy News.)

NEGRESS KILLED AT JENKINS.

In a wrangle over a five dollar bill which one found and both claimed, Lee Driver, a negro miner at Jenkins, shot and instantly killed Mrs. John Lockhart, negress, according to the police, three bullets entering the right lung. Her husband, who was also engaged in the quarrel was shot twice, and his injuries may prove fatal.

Driver escaped into the Cumberland mountains, but within an hour three possees, composed chiefly of colored men, fell upon his trail. He successfully eluded them for two days; but fearing that he would be caught and subjected to mob violence, he gave up to the authorities at Wise, Va., and will be brought back to Whitesburg for trial.

FERGUSON HEIRS WIN.

Some twelve years ago Jno. Ferguson sold to Sam McCoy a tract of coal land lying on Ferguson creek and containing about one hundred acres. This tract had been given Ferguson by his father, upon the condition that at his death the remainder should be divided equally among his children.

The heirs of Vernon Ferguson, deceased (grandson of Jno. Ferguson) filed suit against the grantee, Sam McCoy, for the recovery of a one-fourth interest in the property, which case was tried before special Judge Halbert here last week. The court held that John Ferguson took only a life estate, and that the defendant McCoy could not purchase more than this. An injunction was issued to stop further mining on the property, but the question of damage for the coal that had already been mined was reserved for future consideration. Staton and Pinson were attorneys for plaintiffs.

AGED MAN BURNED.

Uncle Randall McCoy, an aged man, fell backward into the fire at the home of his grand son, Melvin McCoy, on Herald's Branch last Friday morning, and before help could reach him he was badly burned. On account of his enfeebled condition he was unable to remove himself from the flames.

COURT ADJOURNED.

After a short but busy term of two weeks, the special term of circuit court was adjourned last Friday, and special Judge W. C. Halbert returned to his home at Vanceburg, Ky., by the morning train Saturday.

Judge Halbert made a most favorable president, and the attorneys of the Pikeville bar generally speak in terms of high compliment of his just and impartial rulings.

POLICE COURT BUSY.

The Pikeville Police Court is one of the busiest forums of justice in Eastern Kentucky. Our excellent Police Judge Robt. L. Miller, who recently assumed the duties of office,

held a term of the court last week, and his work confirmed the widely expressed public opinion that he will make one of the best officials of the city of Pikeville ever had. He has shown a lenient hand toward boys and first offenders, which policy is recommended by the best jurists of the country. But while leaning toward gentle methods when there is a chance that they may be sufficient he has also exhibited a firmness and orderly demeanor that plainly tell that the court will not be trifled with, and that the second offense will not be so lightly overlooked.

The docket for the next term contains over three hundred cases. The office formerly used by Judge Marrs will no longer be used as a Prefecture of Police, and a commission has been appointed to rent a new one.

AGED MAN DIES.

James Rasmik, aged 74, a farmer, died at his home at Regina last Friday morning of a combination of ills, of which cold and extreme age were the greatest factors. Mr. Rasmik leaves three children, and was well-known throughout Pike-co.

WRECK AT PENNY.

A mixed B. and O. passenger and freight train was partially wrecked at Penny, on Shelby creek, last Saturday morning, the freight section of eight cars, which was in the rear, being thrown from the track, considerable damage resulted, but no one was hurt.

The cause for the wreck is not definitely known, but it is thought to have been a hot box on a car heavily loaded with lumber.

FIRE AT DORTON.

A disastrous fire occurred at Dorton last Saturday morning, when the store and residence property of Samuel Adams burned to the ground.

There was no insurance on the property, and very little was saved from the flames. The cause of the destructive fire is not known, but it is thought to have had incendiary origin.

CANCER OPERATION.

For several months Will Loar has been suffering from a growing cancer just at the base of the neck between the shoulders, and last Friday an operation to remove it was started by local surgeons. But it was found that the flow of blood could not be checked, and the patient was removed to a Huntington hospital to complete the operation Saturday. Mr. Loar withstood the operation very successfully, and is now slowly recovering.

LOCK YOUR GARBAGE CANS.

Last Monday evening the new council of the city of Pikeville held a regular meeting, at which Police Judge Robt. L. Miller urged the enactment of rigid measures to prevent live stock from running loose

in the streets. After looking into other matters council adjourned without a word on the stock question. Tuesday morning Judge Miller prepared to begin the strict enforcement of certain old ordinances on this subject, and to prevent such enforcement a hasty meeting was called early in the day for the purpose of enacting a stock law.

The following is section 3 of the new enactment. How do you like it? "It shall be lawful for cows to run at large in the corporate limits of the city of Pikeville at all times except from sunset to sunrise, and it shall be unlawful for such cows to run at large from sunset to sunrise," with a penalty of one dollar for each offense.

That means, dear citizen, that these guardians of the city's health and cleanliness have given free rein to the cows during the day time to stand on the sidewalks or kill themselves galloping up and down the newly paved streets of the busy town of Pikeville, and for one dollar they may carry it on all night, too.

If Pikeville's citizens would save her reputation for progress, cleanliness and neatness, let a flood of petitions asking the repeal of the entire enactment pour in upon the city council that will indicate in no uncertain terms that the public does not approve a single syllable of it.

WINTER TERM.

The winter and spring term of the Pikeville Graded and High School opened for an 18-week term last Monday morning. Every department was thoroughly crowded, and as Mrs. R. C. Elliott, teacher, says, they were packed in her room very much like sardines in a box. During the past two years both the graded school and our excellent Presbyterian College have displayed a marvelous efficiency, and the diligent efforts of the teachers of both institutions have been rewarded by record-breaking attendance.

The prospects are bright for a new public school building, and it is badly needed, with modern facilities, to care for the great and growing demand for the education of the children of the mountains.

LOCAL AND PERSONAL.

Attorney A. J. May, of Prestonsburg was here for a brief visit last Sunday night. He says his brother, W. H. May, who was recently a victim of pneumonia, was taken to a Louisville hospital several days ago for a second operation, and is yet in a critical condition.

Harry E. Syek, of Nigh, Ky., was in town Sunday.

The Sun Printing Co., Golden White, manager, has moved from its former quarters near the Pike hotel on Theater-st. to the building formerly occupied by the Reynolds meat market on Main-st.

Dr. S. B. Censebold has been appointed U. S. Pension examiner at Pikeville through the recommendation of Sen. Oille James at Washington.

The infant daughter of Babe McCoy died of whooping cough just across the river from West Pikeville last week.

Mrs. M. A. Dunlap and bright little daughter Eleanor, of Jenkins have been the guests of Mrs. Dunlap's parents, Mr. and Mrs. James McCoy, here for a few days.

The Segraves Machine Works Co. is building a large two story brick structure opposite the depot, which will be the most modern shop in the Sandy Valley when finished.

Miss Dixie Belcher of Belcher Sliding entered the graded school last Monday morning.

Judge J. F. Butler convened the Letcher circuit court at Whitesburg last Monday morning.

Editor C. A. Kirk, of Paintsville was here last Monday.

Clay B. Elkins was a business caller here from Winchester Tuesday.

Hi Lafferty and attorney W. W. Williams, of Prestonsburg were in Pikeville for a brief business visit Wednesday.

Matt Maggard, of Jenkins arrived here Tuesday.

The meetings at the First Methodist church building under the direction of Rev. W. J. Stith, of Ada, O., have been very successful. Mr. Stith is a firm supporter of the doctrine of Holiness.

LETCHER COUNTY.

WHITESBURG, KY., Jan. 13.—The January term of the Letcher Circuit Court convened here Monday, a most important session, Judge John F. Butler presiding. There are a large number of interesting civil and penal cases, besides the docket is crowded with murder and malicious stabbing suits. Judge Butler in instructing the grand jury said: "There are seven murder cases on the docket, but at the end of this term I am going to make it a point to say that the docket will be cleared. We don't need bad men and the sooner the country is rid of them the better it is for all concerned. Crime must decrease." The first day showed the largest crowd perhaps ever seen before at an opening of court.

The Champion Bridge Co., having the contract to build bridges at Mayking, Sergeant and Craftsville, across the Kentucky river, has completed its contracts and Mr. Brady Peyton, who has had charge of the work left for his home in Wilmington, O. Owing to the wrangle in the fiscal court at the close the arrangements were not complete for the construction of the other new bridges in the county. However the next session of the court will try to arrange for the bridges.

Smallpox is said to be getting general over Letcher county and business is being greatly interfered with on every hand. One case has developed in Whitesburg, while in the head of Thornton school seven cases had developed up till Monday and it is said here the patrons of the district have ordered the school closed indefinitely. In the Line Fork, Boone's Fork and Rockhouse creek sections there are a large number of new cases, while Cumberland river section is considerably infected. So far the County Board of Health has done little toward trying to stop the prevalence of the disease.

Monday near Fleming in this county U. S. Marshal J. Martin Potter arrested "Kid" Hall and Mrs. Nannie Humphrey charged with selling and bootlegging moonshine whiskey in and around the new city. Both were brought here for a hearing before U. S. Commissioner Samuel Collins. Mrs. Humphrey has been four times in Uncle Sam's court, twice for the manufacturing of moonshine. At present her husband William Humphrey is serving a one year sentence in the Moundsville penitentiary for moonshining.

The grand jury to-day returned an indictment against Arthur Roberts charging him with the wilful murder of Wilson Sizemore his brother-in-law which took place at Neon above here in this county a month ago. Both men are from Breathitt county. The case will be tried at the present term of the court.

WHITESBURG, KY., Jan. 8.—Commissioners of the County Court who were instructed to go to Neon and assess for damages the property of John Bentley in condemnation proceedings for a railroad right of way for the Yonts Fork branch of the Louisville & Eastern have returned here, after assessing the damage at \$19,500.

The property consists of seven town lots.

Behind the action of the commissioners in the case is the story of how Bentley lost many thousands of dollars by his refusal to sell the property to the railroad at a figure much higher than that placed by the commissioners.

Some time ago Bentley, realizing that the section of the country around the present site of Neon was bound to develop, owing to the richness of its mineral and timber resources, purchased considerably land at a low figure. When the town of Neon was established, Bentley sold much of his land at a good profit, but retained seven town lots, and on one of these he built a store, which he has been running over since, and which he has been finding profitable.

When the railroad decided to build its branch up Yonts Fork it was found that the route would pass through that section of the town where Bentley had his store. Accordingly efforts were made to purchase the property from Bentley at a good stiff figure. He refused to sell, however, declaring that he was doing a profitable business, and that he did not wish to be disturbed.

The offers of the railroad company were gradually increased, and finally it is claimed that \$50,000 was offered, but Bentley still held on.

Despairing of being able to buy Bentley out, the railroad finally brought condemnation proceedings,

Are You One Of Those Who Habitually Catch Cold?

Investigation Shows That Certain Occupations and Professions
Are Constantly Prolific Causes For Frequent Colds.
What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, we need light and facts how to prevent disease more than talk that entertains. Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions that conduce to colds?

Mental fatigue, worry, heavy strain, nervousness resulting from desk or store work are the easiest means for the development of colds. The average life of a clerk is less than that of a farmer—cause, sedentary work.

Sedentary life, especially where it means the consumption of brain tissue, often leads to over-eating; there is no more common cause of colds than over-eating.

When the digestive organs are weighed down with an excess of food, the liver and kidneys and other important vital organs are overworked, vitality is lower and there is less resistance; slight exposure, which under ordinary conditions causes no harm, results in a bad cold.

To relieve a cold, a good expectorant or cough remedy such as PERUNA should be conveniently at hand to be taken at the first sign of the cold. But what can be done to stop the frequency of colds to such people that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, rest early and sleep in a room full of fresh air.

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for a few years and then gradually disappear. There are very few of these medicines that are worth anything, a real merit to insure their long life. Peruna has always been a good seller with us, with a marked increase from year to year. This change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Those who wish to begin the cold water towel bath should have a copy of the Ills of Life. Sent free by the Peruna Co., Columbus, Ohio.

and the assessment of the damages at \$19,500 was the result.

FLOYD COUNTY.

T. M. Branham and sister Sallie arrived here yesterday on the noon train from Tulsa, Okla., with the remains of their father, George W. Branham, who died there the 10th inst. of paralysis. Mr. Branham was born and raised in Floyd-co. and in 1896 moved to Catlettsburg, from which place he moved to Tulsa, Okla., where he died. Mr. Branham had many friends in Floyd-co. and was known all along the Big Sandy valley, he having been engaged in carrying freight up and down the river a great part of his life, either by push boat or steamer, and was owner of the steamer Favorite when she sank, after which he quit the river and engaged in the hotel business at Catlettsburg. He was buried in the Martin cemetery at Dwayne, by the side of his mother, Mr. Branham was 69 years old and had served in the Federal Army during the Civil War. Rev. Tygart, formerly of Whitehouse had charge of the funeral service.

Misses Anny Branham, Kith Preston, Ethel Childers, or Emma were in town to-day having dental work done.

Mrs. G. W. Vance, who some time ago fell and broke her thigh, is very low.

The revival which has been in progress at the Presbyterian church came to a close last night. This has been one of the greatest revivals held in Prestonsburg for a great many years. Rev. Wireman, a young Methodist minister, had charge of the meeting and was assisted by Rev. S. W. McGuire, Rev. Henry Ford and several laymen. There were several conversions and all the churches were greatly revived.

Miss Ruth Dempsey, of Offutt is visiting Mr. and Mrs. Wortman, of this place.

Mrs. B. C. Mollon, who has had typhoid fever is very much improved.

Mrs. T. O. Burchett is very sick. Mr. and Mrs. James Garnett and little daughter, who have been in Jackson, Ky., for the last 6 months, are visiting Mr. and Mrs. S. P. Davidson.

NOTICE OF DISSOLUTION.

Notice is hereby given that at a meeting of the stockholders of Delorme Lumber Company, held at Columbus, Ohio, on the 6th day of December, 1913, the following resolution was adopted:

"Now, therefore, on motion duly seconded, it is Resolved That the Delorme Lumber Company, a corporation created and organized under the laws of the State of Kentucky, does hereby discontinue business as a corporation, and surrenders to the said State its charter and corporate privileges, the company having disposed of all its property of every kind and nature, and having accomplished the purpose for which it was organized."

W. M. RITTER, President.

Robert Bickel, of Huntington, was in Louisa last Friday.

LOWER GREASY.

Last Friday night some one broke a large window of Jeff Davis and Co.'s store at Offutt and entered the store. In doing so they broke a side light in a showcase. Mr. Davis reports a loss of about \$100.00. The person or persons took several pairs of shoes, two or three suits of clothes, some 32 S. W. and 38 S. W. cartridges, loaded shot gun shells and also robbed a gum machine of about two dollars of nickels.

Miss Lula Price and Campbell Holbrook were united in marriage at the home of the bride's parents at Bobbs Branch by the Rev. Howes.

The bride looked very handsome and was attired in white with blue trimmings. She also carried a bunch of roses. Many presents were given to the young couple and a fine dinner was served by the bride's parents to the relations and guests.

W. E. Perry has moved from Bobbs Branch to his old home at Two Mile. T. L. Lewis was a business visitor to Ashland and Louisa recently.

LOVELL.
